Subject: Damages to Vermont Medians

Hello Aram & Jeff,

Thank you very much for bring the recent damages to the Vermont Median Island to our attention. We have been working closely with the Contractor and City Con Ad Inspector to attend to the damages and repairs of the median island as per project design specifications. Both the Contractor and the City Inspector have individually assessed the damages and we are having a meeting tomorrow to review the nature of the repair required and establish a path forward for our project. I will keep you posted of our progress and when the Contractor will be available to start repairs. If you have any questions or concerns, please do not hesitate to call me.

Thank you and have a great day.
